# OXYSAN

## ACID SANITIZER

EPA Registration #: 91628-1

### Effective, Broad-Spectrum Sanitizer

OXYSAN Acid Sanitizer is a **5.3% peracetic acid sanitizer** is registered by the EPA. It is a no-rinse, non-foaming formula that is used in circulation cleaning and institutional/industrial sanitizing of pre-cleaned, non-porous food contact surfaces and equipment.

- **Rapidly sanitizes** at a range of temperatures.
- **Use at low concentrations** for broad-spectrum kill of gram-positive and gram-negative bacteria.
- **Acid rinse and sanitizer** in one convenient product.
- **May be foamed onto surfaces** with the addition of Bio Foam additive to provide added cling and penetration time. Can also be fogged.
- **No toxic residues** or post-treatment rinsing required.
- **Controls** *Escherichia coli* (ATCC# 11229) and *Staphylococcus aureus* (ATCC# 6538) when used as directed.
- EPA Registered for **Sanitizing and Deodorizing** of Animal Housing Facilities (Barns, Kennels, Hutches)

- Get all of the benefits of OXYSAN Acid Sanitizer with a **punch of nitric acid**
- **Prevents build-up of milkstone, beerstone and lime scale** and other scale build up.
