

AgroSan^{plus}

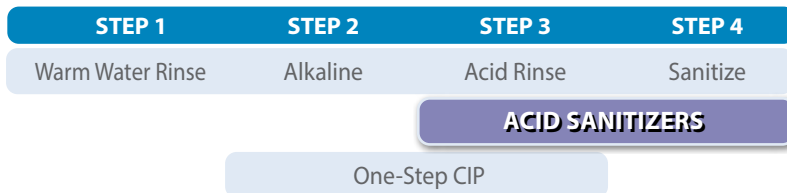

EPA Registration #: 82808-10

NON-IODINE ACID SANITIZER

Broad-spectrum acid sanitizer

AgroSan Plus Acid Sanitizer is a concentrated, EPA registered non-iodine sanitizer that provides effective germicidal action against a broad range of micro-organisms. AgroSan Plus Acid Sanitizer is suitable for use in CIP and hard-surface applications, and it leaves equipment surfaces in an acidic range that helps that helps prolong the life time of stainless steel parts.

- **Log 7 Kill Rate** is highly effective against gram-positive and gram-negative bacteria.
- **Low pH** provides rapid bactericidal action.
- **Removes water scale** and mineral build-up.
- **Controls** Escherichia coli (ATCC# 11229) and *Staphylococcus aureus* (ATCC# 6538) when used as directed.
- **Usage ratio** of 1 oz to 6 gal.
